

What little things can make the difference?

Habits that impact the environment

Use fewer plastic containers

If we do not take steps to reduce global warming, it will lead to loss of human lives, plants and animals

- 
- What will happen if we cut more trees?
 - What will happen if we use too much energy?
 - What will happen if we build bigger cities?

- Will people have a better life if we implement the 3Rs? (reduce, reuse, recycle)
- If we spend a lot of time watching TV, will we have health problems?

Take some minutes to answer the questions

**Questions with first conditional don't have big changes,
you just have to follow the regular sequence of
