

Explorers on the Moon

PART I: LAUNCHING (PAGES 1 – 8)

- Look up these words in the dictionary and choose the correct meaning.

Launching

Deck

Fainted

Moaning

Fed up

Come round

Pull my leg

Sniveling

- Make two sentences with two of the new words. (Here there is no autocorrection, you are free to answer how you like).

1.

2.

- Look at the pictures and match the name of each character.

Snowy

Thompson Brothers

Frank Wolff

Professor Calculus

Tintin

Captain Haddock

- **Choose the correct answer.**

- a. How much is a mile in kilometers?
- b. What was the confusion that made the Thompson bothers accidentally end up in the rocket?
- c. What is the problem now that they know that the Thompson brothers also fly with them?
- d. Why do they need magnet-soled boots?
- e. What is Adonis?

- **Put the events in the correct order (you have to drag – arrastrar – the event to the correct place).**

1st

Captain Haddock got outside the rocket

2nd

They discovered the Thompson brothers

3rd

They all fainted and came round

4th

The brothers Thompson pulled a lever and the engine stopped

5th

They decided to put on magnet-soled boots
