## Imagining my future

by Laura Ralph

I think about my future quite often. I often think about what is going to happen. I don't mind <sup>1</sup>not knowing (not know) the details, but I really hope <sup>2</sup> (have) a happy future. I think that there are things that I can do to make that happen.

I've already decided <sup>3</sup> (be) a successful businessperson! I would really like <sup>4</sup> (start) my own business. I know it's not easy, but I don't mind <sup>5</sup> (work) hard. I imagine myself <sup>6</sup> (have) a fashion business in the future. I would like <sup>7</sup> (be) the director of a chain of clothes shops. I would enjoy <sup>8</sup> (have) my own shops and <sup>9</sup> (choose) my own designs.

So, my plan is to pass my exams and go to college. I want <sup>10</sup> (study) business, of course. Then I'll start <sup>11</sup> (work) for a clothing company and learn all that I can. If I save enough money, I think I'll be able to start my own business.

I also want <sup>12</sup> (have) a family. I hope <sup>13</sup> (have) children some day. I don't want my life to be all business!

These are my plans for my future. I hope <sup>14</sup> (make) them come true.
