

## Grade 9 Advance

### Activity 0.1.4

(a) Is the data type an integer, char, string, or float?

|      |        |
|------|--------|
| 2000 | int    |
| "6c" | string |
| "R"  | char   |
| -1.4 | float  |

(b) What data type would you use?

| Data to store | Data type |
|---------------|-----------|
| "Hello"       |           |
| 55            |           |
| 0.009         |           |
| "Y"           |           |
