VII. Read the following passage and choose the correct answer to each question.

News media are the means or methods by which people learn what is happening in the city, in the country, and in the world. The news media can be classified into two general categories of print media and electronic media. Print media use the written material to communicate news to readers. Electronic media use radio waves to send news into magazines and newspapers. Most newspapers print news **daily**. For example, the newspapers "The New York Time" is published weekly, the Newsweek and Times magazines are published once a week. The electronic media are generally divided into radio and television. Radio news is the one that you listen to. In the United States, many radio stations broadcast five minutes of news every hour. Television news is the one that you not only listen to but also watch it. In Canada and the United States, for example, many people watch an hour of news on TV at six o'clock in the evening. In the future new categories of new media will develop. Even today computers are beginning to influence the transmission and reception of news.

41. Two general categories of news media are _____.
