READING QUIZ
UNIT 8

1. READ THE TEXT.

Here are some ideas about how you can **help at home** and learn about different jobs at the same time.

Chef: Chefs have to wear a white uniform and they work in a kitchen. If you want to be a chef when you're older, you can practise by helping to cook dinner at home. Chefs have to know how to use kitchen equipment safely, too, so you can ask your family to teach you. You can even practise by inventing your own recipes.

Vet: Do you want to be a vet when you're older? If you love animals, you can be a pet sitter – you look after other people's animals, such as cats, fish and birds when they go on holiday. The animals can stay with you in your house, or an adult can help you look after them in the animals' homes.

Mechanic: A person who works in a garage is a mechanic. It's a dirty job, but you don't have to work at night or in an office. If you want to be a mechanic, you can learn more by washing your parents' cars.

2. READ THE SENTENCES AND CHOOSE TRUE OR FALSE.

1 Chefs have to wear a helmet. ☐

2 A salon is a place where a chef works. ☐

3 Vets have to like pet sitters. ☐

4 Pet sitters only look after cats ☐

5 A workshop is a place where a mechanic works. ☐

6 Mechanics don't have to work at night. ☐

3. READ THE PARAGRAPHS AND COMPLETE. WRITE ONLY ONE WORD.

- If you to be a chef when you are _____, you have to practice by helping to cook _____ at home. Chefs have to wear a white _____ when the cook. Also you can practice by creating your own _____.
