The only problem is that it can eat smaller fish. Danny has visited a lot of different countries such as Australia to dive in the beautiful weather. He loves the ocean. Now he is fourteen. He has had a big aquarium for three years, since he was eleven.

Last year, when Danny was in Caribbean for his holiday, he saw sharks when he was diving. He wants to have an aquarium where he can keep one or two small sharks, but it is quite difficult in England.
