

**Listen to the song and
choose the correct word:**

My love is warmer warmest than the warmer warmest sunshine
Softer Softest than a sigh.

My love is deeper deepest than the deeper deepest ocean
Wider Widest than the sky.

My love is brighter brightest than the brighter brightest star
That shines every day night above
And there is nothing in this world life
That can ever change my love

Something happened to my heart the day night that I met you
Something that I always never felt before
You are always never on my mind no matter what I do
And every day it seems that I want you more less

My love is warmer warmest than the warmer warmest sunshine
Softer softest than a sigh.

My love is deeper deepest than the deeper deepest ocean
Wider widest than the sky.

My love is brighter brightest than the brighter brightest star
That shines every day night above
And there is nothing something in this world
That can ever change my love

Once I saw thought that love was meant for anyone else but me
Once I thought you'd always never come my way
Now it only goes to show how right wrong we all can be
For now I have to tell you every day night

My love is warmer warmest than the warmer warmest sunshine
Softer Softest than a sigh
My love is deeper deepest than the deeper deepest ocean
Wider Widest than the sky
My love is brighter brightest than the brighter brightest star
That shines every day night above
And there is nothing in this world town
That can ever change my love

My love is warmer warmest than the warmer warmest sunshine
Softer Softest than a sigh
My love is deeper deepest than the deeper deepest ocean
Wider Widest than the sky
My love is brighter brightest than the brighter brightest star
That shines every day night above
And there is something nothing in this world
That can ever change my love

Love
