It was a really exciting match. Our team was playing against last year's champion. We arrived early. We were warming up at 7:00 pm. The game started at 8:00. We were shooting a lot but not scoring much.

At half time, we were losing badly. We were taking a break when our coach discussed a new plan. In the second time, we began to score quickly but still losing. With seconds left of the match, I was shooting when a player pushed me, and I slipped. The referee blew the whistle. I got a free throw. The crowd cheered wildly. The ball was flying to the basket when the horn sounded. We celebrated - for losing by only one point.
