

Making inference means reading between the lines.  
You use the clues from the text and add it to what you know  
to make an inference.

**GROUP:**

*Kemisha Morgan*

| <i>clues</i> | <i>what you know</i> | <i>inference</i> |
|--------------|----------------------|------------------|
|              |                      |                  |
