LIVEWORKSHEETS

D. Read Fran Futura's predictions for the year 2050. Then write questions and short answers. If the answer is no, write the correct information.

Fran Futura's Predictions

What will the world be like in the future? These are my predictions for life in the year 2050.

First, let's talk about transportation. In 2050, cars will be smaller. They won't get their energy from gasoline. They'll get their energy from the sun. People will also travel more by train and bus than by car. In their free time, teens will listen to music and go to concerts. They won't go to movie theaters. They'll watch movies at home. Gymnastics will be the most popular sport. Skateboarding will also be popular. In 2050, Food will be healthy. People will eat more fruits and vegetables. They won't eat hamburgers and ice cream.

1. **Q:** (cars be bigger) Will cars be bigger?
   A: No, they won't. They'll be smaller.
