

Complete the text with the proper words and choose the title from the box:

Fake Friendship	Health Problems	The Dependence on the Net
Communication	A Breeding Ground for Illegal Activity	Education
No Restrictions or Guarantee in the Net	Jobs and Business	
Shopping Online	Endless Entertainment	Bridging the Culture Gap
	Unlimited Access to Information	

The Internet is a piece of technology, which has the world and make society think, business, and themselves in different ways. Surely, it's difficult to Our life without the Net but people must of its benefits and drawbacks.

Let me start with advantages:

1.

Due to the Net people can study in any universities around the world without leaving their homes.

2.

A great variety of movies, games, books and other things are to kill the time.

3.

Firstly, a person can a well-paid and work wherever he/she wants. Secondly, if you are confident enough you can your own business or just develop one.

4.

Purchasing online makes our life people can surf the net, compare and choose the What's more they don't need to Heavy bags.

5.

The Net makes our world smaller and we can keep in with people the world. They can interests or a new hobby. It's a good way to new friends and develop your skills.

6.

Communicating with people around the you learn new customs, traditions and so you get more tolerant and them

7.

There is of information to different topics. People don't need to go to the and for a proper book, they just a mouse and read what they need.

Unfortunately the Net has a side .

1.

The access to makes burglaries, terrorists attacks,and happen more often. The most common is piracy which means music, projects, watching movies without the owners'

2.

Every sphere of our life is with the Net, we leave lots of information such as health records, educational records even bank accounts so that can steal and use it for

3.

The net has no restrictions in to the information which means that either children or teenagers can watch videos or read articles.

4.

Spending days in front of the playing games, watching TikTok videos and scrolling screen in the Instagram make people To the Net. They prefer staying in front of the to hanging out with friends. As a result, they move less and suffer from....., ,

5.

Communicating People lose contact and cant be sure who they friends with. The people pretend and lie about their , (male/ female) and even interests .Thus you can't friends online.
