- Read about Oliver's profile and answer the questions.

My name's Oliver. I'm 14 years old and I'm British. I live in a small house in London with my parents and my brothers, Harry and Tim. Our dog is called Jessie and we've got a cat and two rabbits. It's always noisy in our house because people from our family come to visit all the time. My grandparents' house is next to ours so we see them every day, and my uncle and aunt often come for dinner with my three cousins.

My friends are Karl and Amir and we love computers. We've got our own website with lots of photos and videos on it. We also read computer magazines, and after school we play computer games. My school is called Melrose College, but Karl and Amir go to Forest Vale School.

**1. What country does Oliver come from?**

**2. Where is his house?**

**3. How many boys are there in the family?**

**4. How many pets have they got?**

**5. Do Oliver's grandparents live in a flat or a house?**

**6. Who are Amir and Karl?**

**7. What do Oliver and his friends do in the afternoon on school days?**

**8. Do the three boys all go to different schools?**
