- c The sun lights Earth.
- d The sun warms the land, the water, and the air.

2 Why do we need the sun? Read and circle the words from the box.

heat live grow warms

We Need the Sun

When there isn't any sunlight, it is cold. The sun warms Earth. It gives us heat. We need the light from the sun to see. When there isn't any sunlight, plants cannot grow, and animals and people cannot live. We cannot live without the sun.

3 Read 2 again and write.

- 1 We need the sun to warm Earth.
- 2 People need the light from the sun to see.
- 3 Plants need the sun to grow.
- 4 Animals need the heat from the sun to live.
- 5 People need the heat from the sun to live.

4 What do they use in the sun? Look and write.

1 SUNSCREEN

2 _____
