Reading Comprehension: Understands

I. **Match the description to the natural disasters:**

	A powerful fire that burns out of control across a large area.
	A large amount of ice, snow, and rocks falling quickly down the side of a mountain.
	A strong wind in a desert carrying a large amount of sand.
	A mass of rock and earth falling unexpectedly down a steep slope.
	A sudden violent movement of the earth's surface, sometimes causing great damage.
	A flash of bright light in the sky produced by electricity
	A very large and dangerous ocean wave that is caused by an earthquake under the sea.

You are doing a great job!
