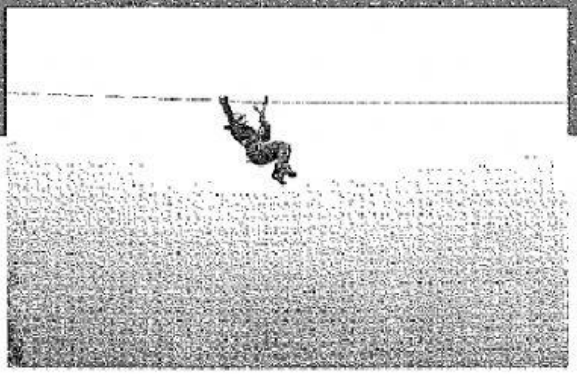
Tree-Jumping Tours in Costa Rica



Fly over the trees! Take amazing pictures of wildlife! See the forest as you have never seen it before!

Our tree-jumping tour is an experience you can never forget:

First, we take you to the forest in our comfortable bus. Your guide shows you how to put on the safety harness, helmet, and gloves. The tour starts with a short hike through the forest. Then you climb up to the first platform. (The tree-jumping tour has twelve platforms, which are about 12 meters high.) Your guide will show you how to use the ropes to jump from one platform to the next one. Finally, you go down a rope and walk back to the bus. The tour takes two to three hours.
