

# Primary (Basics) Adding Whole Numbers

Name: \_\_\_\_\_ Date: \_\_\_\_\_

1)  $20 + 7 + 8 =$  \_\_\_\_\_

2)  $10 + 4 + 3 =$  \_\_\_\_\_

3)  $1 + 9 + 2 =$  \_\_\_\_\_

## Word Problems!

**Easy!** Jake had 10 chocolates. He went to the store and bought 5 more chocolates. How many chocolates does he have now?

**Hard!** Alice had 30 chocolates. Her friends gave her the double amount ( $30 + 30$ ). Her dad bought her 10 more. How many chocolates does she have?

# Yay! You did it!
