

Interactive Worksheet

Reading Comprehension

GRADE: 6th

English

I.- READ

We are Susan and Julie. We are friends. Every day, we go to dance class after school because we love dancing. Our teacher always says that we are very good dancers because we work very hard. This week, we are training for two hours every afternoon. because next month we are going to dance an important contest and we want to win a prize. Dancers eat very well to be fit. We eat cereal with milk for breakfast and some fruit. I love apples and Julie likes pears very much. We often eat fish, meat, eggs and vegetables for lunch or dinner, but we don't have a lot of sweets or cakes. Today it's Saturday and we aren't training at school, we are in the park right now and we are playing with Julie's dog. Her dog is running and taking the stick that we are throwing. We are happy, the sun is shining and the day is lovely.

Susan
