LIFE IN ART

Last month, I (0).....*visited*..... Malba museum, in Palermo. There were (1)..... special paintings and sculptures there that I really liked. They were:

Painting W that was painted by George Seurat. He painted the picture in 1886. He painted a wonderful day near a river in France, (2)..... he lived. (3).....man and woman in the painting seemed to enjoy the sunshine together. Some of the ladies had parasols because they didn't want to get too much sun.

Painting X that was found in a cave in France. The painters did the painting about 20000 years ago. It is the (4)..... painting ever found! It shows the animals that people hunted.

My favourite **painting** was **Y,** El Mercado. My teacher told me at school that it was a modern painting. I could see three women selling flowers or vegetables at a market. It was my favourite painting at the museum because of its bright colours.

My best friend Mary's favourite landscape was **Painting Z** by Jaris van der Haagen. The painter lived in Holland and painted the landscape about the year 1650. Mary liked it because the painter used dark colours in the foreground (5).....bright colours for the clouds and sky in the background, and also because the trees and the river were very realistic.
