

Reading Homework:

Stay Safe in the Sun

The warm sun feels good on our skin. Many kids enjoy being outside, soaking up the sun's rays. But did you know that being out in the sun can be dangerous? Being exposed to the sun's rays over and over without protection can lead to a lot of problems. Eye damage, skin damage, and even cancer can be caused by the sun. Most of the damage caused by the sun occurs when people are in their childhood years. That is why it is important for children to be safe in the sun. Follow these steps to keep your skin safe in the sun.

Sun Safety Steps

1. Wear clothing that covers your skin such as a long sleeve shirt.
2. Put on sunscreen every day. Reapply after a few hours.
3. Wear a hat to shade your head and face from the sun.
4. Wear sunglasses to protect your eyes.
5. Stay in the shade when possible.

Be sun smart. Follow these simple steps to protect your skin and eyes from harm.

1. The author most likely wrote this passage to –

- A. encourage you to stay safe in the sun
- B. explain how to apply sunscreen
- C. to convince you to never go outdoors to play
- D. tell you what kind of sunblock to wear

2. The author included the "Sun Safety Tips" section to –

- A. explain the dangers of the sun
- B. tell what you should do to protect your body from the sun
- C. give reasons for not going outside
- D. persuade you to stay indoors
