

The Writing Process

Instructions: Drag and drop the steps of the writing process in the correct order, next to their description.

	Think about your topic and start planning with a graphic organizer.
	Use your ideas to create and write a rough draft.
	Make changes to improve and add excitement to your writing.
	Proofread and correct your capital letters, punctuation, spelling and grammar.
	Write and present your final copy.

Draft	Publish	Revise	Prewrite	Edit
