

NOMBRE: _____

Instrucciones: selecciona el resultado correcto de cada operación.

The worksheet is shaped like a house. The roof contains two math problems: $7 (-12)=$ and $12 (93)=$. The main body of the house is a grid of 10 rows and 2 columns, containing 20 math problems. Each problem is accompanied by a Minecraft character or object. The problems are as follows:

$9 (-18)=$	$12 (93)=$
$(-13) 6=$	$(-16) (-9)=$
$(-21) (-41)=$	$(-73) 7=$
$6 (-13)=$	$215 (-3)=$
$(-101) 6=$	$(-88) (-5)=$
$(-4) 8=$	$207 (-6)=$
