

# Biology Worksheet # 2

## Microorganisms Lab

Name: \_\_\_\_\_ Date: \_\_\_\_\_

Type of Microorganism:  
Characteristics: (Qualitative Observation)

Name:

What do you expect to happen to the balloons?

What happened to the balloons? What happened to the bottles?  
Balloon #1                      Bottle #1

Balloon #2

Bottle#2

Where do you think this difference comes from?

Was your hypothesis supported? Is what happened the same as what you expected?

Conclusion: Why do you think bakers use yeast for making bread?
