

Find the difference between 8 kg 100 g and 7 kg 550 g.

Subtract 4 201 g from 9 kg 60 g.

Divide 2 m by 4. State the answer in cm.

Subtract 3 m 16 cm from 10 m. Give the answer in cm.

Find the difference between 90 m 5 cm and 72 m 80 cm.

- Calculate the total mass of the pineapple and jackfruit.
- How much more is the mass of the jackfruit than pineapple?

Fruit	Mass
Pineapple	983 g
Jackfruit	4 kg 450 g

Lina made 2 ℓ 520 mℓ of cocoa drink. She poured the drink equally into 8 cups. Calculate the volume, in mℓ, of the cocoa drink in each cup.

The length of this yellow hose is 1 m 35 cm.

The length of this green hose is 4 times the length of the yellow hose.

- State the length of the yellow hose in cm.
- What is the length, in m and cm, of the green hose?
