

| BEHAVIORAL ADAPTATION | | STRUCTURAL ADAPTATION | |
|--------------------------|---|--|---|
| | | | |
| A bear hibernating | A chameleon camouflaging | A stick bug blending in to the tree its on | A bird's wings |
| Salmon swimming upstream | A lion hunting and blending in with the tall grass | A bear sharpening his claws | Geese flying south |
| A duck's webbed feet | A harmless scarlet king snake that looks like a poisonous coral snake | Butterflies migrating | A frog burying himself under the mud for the summer |
