IX. Read the following passage, then, complete the requested information. Write complete answers. (9 pts)

The Odd Spider

Most spiders live on land, but this spider is different. It spends most of its time under water. How does it breathe? It breaths by making a tent full of air bubbles under water.

First it **spins** a **web** in the shape of a bell. Then it **fixes** it to plants under the water. Next it swims up to the top of the water and **traps** a tiny bubble of air with its hairy back legs. It **drags** the bubble to its web. It does this many times until its home is full of air. Then it sits nice and snug in its web and feeds on tiny fish and other water animals.

1. Where does this spider live?

_____

2. How does the Odd Spider breathe?

_____

3. Arrange the following sentences in order. Write the numbers from 1 to 4.

_____ It drags the bubble to its web.

_____ It swims up to traps a tiny bubble of air.
