Write the Notes in your Notebook or Exercise Book

A wild animal is an animal that lives in the forest or jungle. This also means that it isn't tame and it lives on its own without any help from people. A wild animal finds its own food, shelter, water and all its other needs in a specific natural habitat. A wild animal usually finds its food by hunting. Wild animals include: tigers, elephants, monkeys, snakes, cheetahs, leopards, deer, lion, leopard, giraffe, bear, hyena, porcupine, wolf, jackal, fox, and hare.
