Jairo Suárez ●

Hi Migue,

I'm Jairo Suárez, Camila's friend. I'm sixteen years old and in 11th grade at a school in Bogotá. I'm writing because I know you're in 11th grade too and I'm looking for friends who are feeling like I am about the future.

I'm very excited about what's going to happen. I know everything will change, but I'm also a little nervous. I know I want to be a pilot and I see myself flying planes and travelling around the world ten years from now. But I'm also worried because I still don't know how I'll be able to do that.

It's so expensive to become a pilot, but there are different options. For example, there are scholarships, or I can work part-time and save some money for my studies. How do you feel about the future? What do you want to do with your life after graduation?
