Subject: Mathematics

Topic: Review

Section A – Computation

1.
$$\begin{array}{r} 656 \\ + 342 \\ \hline \end{array}$$

3.
$$\begin{array}{r} 22 \\ + 6 \\ \hline \end{array}$$

2.
$$\begin{array}{r} 74 \\ + 23 \\ \hline \end{array}$$

4.
$$\begin{array}{r} 5514 \\ + 1463 \\ \hline \end{array}$$

Section B- Concepts

1. Using the number 4 621 answer the questions below:

- a. The place of the 6 = _____
- b. The value of the digit 4 = _____
- c. The place of the 1 = _____
- d. The value of the 2 = _____

Section C- Application

1. Mrs. Bulter counted 30 books on one shelf and 10 books on another shelf in the school's library. What was the total number of books that Mrs. Bulter counted in the library?
