

组屋区里的设施 (二)

我家附近就有座公园。

我每天早上上学时经过公园，都会看到许多老人在做运动。

我觉得这很好，他们可以保持身体健康。

我有空的时候也会去公园跑步和骑脚踏车。

公园的旁边有座体育场，那里有游泳池、健身房、篮球场、羽球场和足球场。

这非常方便那些喜欢运动的居民。

There is a park near my house.

I will always see many elderly exercising in the park when I pass by every morning on my way to school.

I think it is good as they can keep themselves healthy.

When I am free, I will run or cycle at the park.

There is a Sports Stadium beside the park, with swimming pool, gym, basketball courts, badminton courts and soccer field.

This is really convenient to residents who like to exercise.
