Ayo, Kerjakan soal-soal berikut!

1. Pasangkan jari-jari dan diameter dengan luas lingkaran!

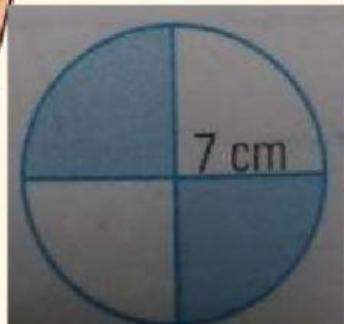

- | | |
|------------------------|-----------------------|
| a. $r = 20 \text{ cm}$ | <input type="radio"/> |
| b. $d = 42 \text{ cm}$ | <input type="radio"/> |
| c. $r = 35 \text{ cm}$ | <input type="radio"/> |
| d. $d = 20 \text{ cm}$ | <input type="radio"/> |

- | | |
|-----------------------|-----------------------------|
| <input type="radio"/> | a. $L = 1.386 \text{ cm}^2$ |
| <input type="radio"/> | b. $L = 314 \text{ cm}^2$ |
| <input type="radio"/> | c. $L = 1.256 \text{ cm}^2$ |
| <input type="radio"/> | d. $L = 3.850 \text{ cm}^2$ |

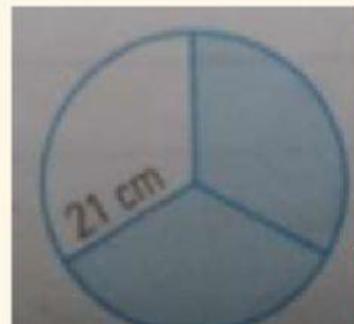

2. Tentukan jari-jari dan diameter lingkaran, jika diketahui luasnya sebagai berikut!

$L = 154 \text{ cm}^2$	$L = 616 \text{ cm}^2$	$L = 1.256 \text{ cm}^2$	$L = 314 \text{ cm}^2$
$r = \dots$	$r = \dots$	$r = \dots$	$r = \dots$
$d = \dots$	$d = \dots$	$d = \dots$	$d = \dots$

3. Tentukan luas daerah yang diwarnai berikut!

$$\text{Luas} = \dots \text{ cm}^2$$

$$\text{Luas} = \dots \text{ cm}^2$$
