Complete what Fariz says with the simple future tense of the verbs given. Write in cursive.

I think Ravi and I attend the ***Thinking Outside the Box Seminar*** in Ipoh next Friday. Don't worry, we not fly there. I'm sure Ravi's father drive us there. After the seminar, I think we visit Ravi's uncle at his durian orchard. I'm sure we get to taste some durians. I hope he take us to a shop to buy white coffee. I think we continue on our journey back to Kuala Lumpur after that. I promise I buy a packet of white coffee for you but I not bring back any durians. Ravi says he throw up if the car smells of durian!
