Education at Home

About 4000 families teach their **1**_____ at home, and they do very well. One example is the Tanner family from Hertfordshire. Eve Tanner, 27 and her 29-year-old husband James do not send their children to school. The Tanner children, six-year-old Stephen and eight-year-old Jason, study at home with their mother. They have a bright, **2**_____ study in their home. All around there are a lot of books and the children's **3**_____ are on the wall. James says, "My wife and I think we got nothing from school - only a diploma. In fact, everything was **4**_____ .

Some parents who are teaching their children at home have a study programme, but the Tanners don't. Eve says, "The children love books. They read all sorts of things. And of course, we read story books together. I teach them **5**_____ and mathematics, too. They write **6**_____ lists for me. Then they go shopping with me and pay for the things we buy."

Eve and James take their children to the library, to museums, to concerts, to **7**_____ pools and to gymnastics. They think these activities are very important. Eve says, "Most of **8**_____ friends are very **9**_____ . Some friends are thinking about **10**_____ their children at home."
