

Unit 3: Environmental issues

A. Match each vocabulary concept with its corresponding definition in Spanish

Pollutants	Usar menos botellas o bolsas plásticas
Save energy	Evitar combustibles fósiles, usa energía limpia
Help or support volunteering which protect the planet	Tirar menos basura
Use less plastic bottles or plastic bags	Ayudar o apoyar voluntarios que protegen el planeta
Recycle, reduce and reuse	Cualquier tipo de contaminante que el humano, fábricas y/o vehículos tiran al mar, aire o tierra
Throw less trash	Ahorrar energía
Avoid fossil fuels, use clean energy	Las tres R: reciclar, reducir y reusar

B. What is the meaning of the verbs highlighted in yellow in exercise A?

RECICLAR	TIRAR/ ARROJAR	AHORRAR / SALVAR
AYUDAR	EVITAR	USAR
REUSAR	APOYAR	REDUCIR

_____ HELP _____ THROW _____ REDUCE
 _____ REUSE _____ USE _____ RECYCLE
 _____ SUPPORT _____ SAVE _____ AVOID

C. Using the verbs from exercise B and your own ideas, create a possible solution for ONE environmental problem. For example, you can create a possible solution for air pollution, endangered animals, water pollution, global warming, deforestation, etc.
