

Now, Make Popcorn!

Popcorn is something you often eat when you watch a movie at a cinema. It is very easy to make perfect popcorn if you follow the correct process. I will outline it below.

The first step is that three tablespoons of oil ----- in a large pot. Next, the pot ----- on the stove and the oil ----- on a high flame. Next, one kernel of popcorn ----- . After this kernel pops, a quarter cup of popcorn ----- into the pot. The pot ----- with a lid. In the next stage, the flame ----- and the pot ---- gently -----until the corn pops. Then the pot ----- from the stove, which ----- off. Finally, the popcorn - ----- into a large bowl, where melted butter and salt -----.

In summary, making popcorn is very easy if you follow the steps above. Enjoy your movie and your popcorn!

Want Coffee?

Coffee is a very popular drink around the world. People drink it at all times of the day. There are several kinds of coffee, but I am now going to describe how instant coffee is produced.

First, the coffee beans ----- from the trees and ----- in the sun. Then, the beans ----- and then -----rapidly before being ground. The beans ----- then -----with hot water and the mixture ----- before it is frozen. Finally, the frozen mixture ----- and then dried in a vacuum before it ----- into jars. The coffee is now ready to ----- in shops.

Instant coffee is not quite as good as real coffee, but it is very popular and saves a lot of time. The manufacturers have done most of the steps for us!

Making Paper

First, the tree ----- . Then, the branches ----. After that, the trunk ----- to the sawmill. Here, the bark ----- from the trunk and the trunks ----- into logs. The logs ----- to the paper mill and ----- in the shredder. Here they -----into small strips and mixed with water. After that, they ----- and crushed
