

The image shows a screenshot of the Microsoft Excel 2010 application window. The title bar at the top indicates the file is 'Libro1 - Excel'. The ribbon is set to the 'Inicio' (Home) tab, which is divided into several groups: 'Portapapeles' (Clipboard), 'Fuente' (Font), 'Alineación' (Alignment), 'Número' (Number), 'Estilos' (Styles), and 'Edición' (Editing). The 'Fuente' group is currently active, showing options for font face (Calibri), size (11), bold, italic, underline, text color, and background color. The worksheet grid is visible below the ribbon, with columns labeled A through T and rows numbered 1 through 23. A cell in column G, row 11 is selected, indicated by a green border. A dashed red line is drawn around the entire Excel interface. In the bottom right corner, there is a watermark that reads 'LIVEWORKSHEETS'.
