## LONDON EYE

Read the text below. Use the word in capitals to form a word that fits in each space.

The London Eye, the giant (1) wheel, is a relatively new landmark	OBSERVE
for London. It is one of the most popular (2) in the world. The	ATTRACT
wheel is the largest of its kind, at a (3) of 13 meters. 1,700 tons	HIGH
of steel were used for its (4) People make special journeys to	CONSTRUCT
see the (5) giant wheel. 15,000 visitors can ride on the Eye very	EXCITE
day.	
The architects, Julia Barfield and her husband David Marks, were the winners of	
the (6) to design a Millennium landmark. Their design was the	COMPETE
most (7) of all the projects. The first (8) of the	DRAW
wheel were made on their kitchen table in 1993. David developed the idea for $\boldsymbol{a}$	
giant wheel and Julia found the (9) site by drawing a circle round	IDEA
London and finding its center.	
Not (10), it took three years to do all the groundwork to get the	SURPRISE
wheel built. In (11) of their work, the couple were awarded the	RECOGNIZE
MBE, a special honor that is given I the UK to someone who has achieved	
something special.
