Rounding To Hundreds

Watch the video below on Rounding to Hundreds. Then complete the table below by following the steps to rounding.

Step 1: Find your benchmarks
Step 2: Find your midway point
Step 3: Check if your number is before or after the midway point
Step 4: Round to the nearest benchmark.

*Remember if the number comes before the midway point, round down to the smaller benchmark. If the number comes after the midway point, round up to the higher benchmark.
