

4th Grade Worksheet

Name: _____ Date: October 21st

My Space

Objective: To practice vocabulary related to space.

Let's Practice: Choose the correct option.

- a) UFO
- b) Planet
- c) Space

- a) Comet
- b) Star
- c) Moon

- a) Alien
- b) Satellite
- c) Rocket

- a) Astronaut
- b) Alien
- c) Planet

- a) Spaceship
- b) Spacesuit
- c) UFO

- a) Astronaut
- b) Satellite
- c) Black hole

- a) Rocket
- b) Spacesuit
- c) Alien

- a) Planet
- b) Star
- c) Black Hole

- a) Space centre
- b) Comet
- c) Telescope

- a) Moon
- b) Planet
- c) Star

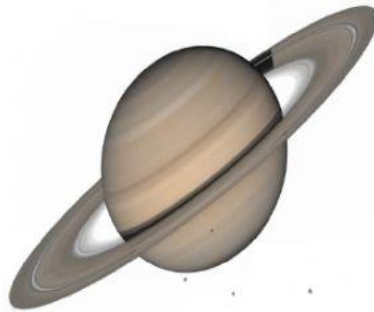

- a) Satellite
- b) Rocket
- c) Spacesuit

- a) Space
- b) Space station
- c) Telescope

- a) Star
- b) UFO
- c) Black hole

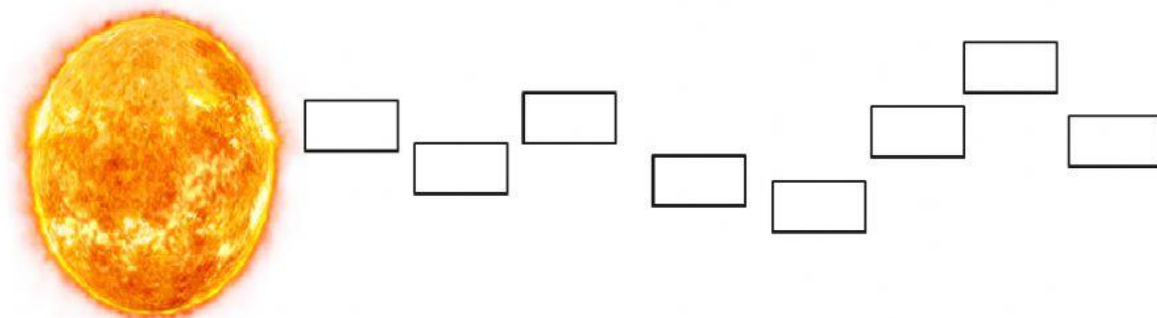

- a) Moon
- b) Planet
- c) Solar system

- a) Space centre
- b) Comet
- c) Solar system

Let's Practice: Order the planets in their position.

Mars	Venus	Neptune	Earth	Uranus	Mercury
Jupiter			Saturn		

Let's Practice: Choose the correct option.

Earth is the name of our _____.

Solar system

Planet

Star

The moon _____ the Earth.

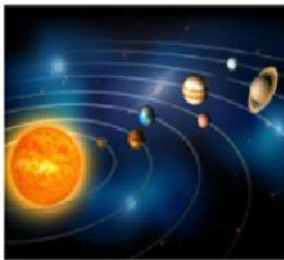

Orbits

Around

Surrounds

Earth and the other nearby planets are in our _____.

Star

Solar system

Satellite

Bwaarg is _____ from a faraway planet.

A comet

An astronaut

An alien

Dr Franzen uses his _____ to observe space.

Telescope

Black hole

Rocket

Ling is an _____. She travels in space.

Comet

Black hole

Astronaut

A _____ is an icy body with a tail.

Star

Comet

Planet

Let's Practice: Listen to the story carefully and answer the questions.

Karim: Hi, Olga! Who's this?

Olga: This is Emma Castro. She's a famous astronaut.

Karim: Does she work on a space station?

Olga: Yes, she does. She takes photos of space and she does experiments.

Karim: What does she eat?

Olga: She eats cereal, soup, and sandwiches. She doesn't eat salad. There aren't any fresh vegetables on a space station.

Karim: Does she wear a spacesuit in the space station?

Olga: No, she doesn't. She wears T-shirts and trousers.

Karim: Does she sleep in a bed?

Olga: No, she doesn't. She sleeps in a special sleeping bag.

Karim: Do you want to be an astronaut?

Olga: Yes, I do! I want to go to the Moon!

1. Who is Emma Castro? _____.
2. Where does Emma work? _____.
3. What does Emma do in the space station? _____.
4. What does Emma eat in the space? _____.
5. What does Emma wear in the space station? _____.
6. Where does Emma sleep? _____.
7. What does Olga want to be? _____.
8. Where does Olga want to go? _____.

Let's Practice: Read the story "Our Solar System" and answer the questions.

Our Solar System

Our solar system has eight planets and a lot of different objects that are beautiful and amazing! One of them is the moon. The moon is a dusty ball of rock. It is the satellite of the Earth and orbits about once every 27 days. Did you know humans visited the moon in 1969? It's incredible! Another beautiful object of our solar system is Saturn, the sixth planet of the sun. Saturn is the only planet we can see with rings and is the second largest planet in our solar system. The space station is a fantastic place too. There are astronauts that live there! I wish I lived in space. Jupiter is amazing too! It is the largest planet in our solar system and it is 11 times bigger than the Earth. Mars is the most beautiful planet. It is the fourth planet of our solar system. Mars is called the Red Planet and it is similar in size to the Earth. Maybe we can live on Mars one day!

1. How many planets are in our solar system? _____.
2. What are 3 characteristics of The Moon? _____.

3. What did humans do in 1969? _____.
4. What is special about saturn? _____.
5. Who can live in the space station? _____.
6. What are 2 characteristics of Jupiter? _____.
7. What is Mars called? _____.
8. How big is Mars? _____.
