

SCIENCE YEAR 4  
✚ IMPORTANCE OF WATER  
✚ A BREAK IN THE WATER CYCLE

Importance of water

1. \_\_\_\_\_ is very important to people and plays a large role in our everyday life.

2. We drink \_\_\_\_\_ water to keep our body healthy.

3. We use water for swimming, \_\_\_\_\_ and cooking.

4. In Brunei, we also use water as means of transportation.

5. Water is also needed by \_\_\_\_\_ and \_\_\_\_\_ to survive.

### A break in the water cycle

1. A break in the water cycle means there is \_\_\_\_\_ rain for many months, or even years.
2. This causes the land to \_\_\_\_\_ up and living things to \_\_\_\_\_.
3. There may also be too little \_\_\_\_\_ and \_\_\_\_\_ for the people who live there.
