Following a dream

Zara is an ambitious young musician from Manchester. Her parents loved classical music, and her mum started giving her piano lessons when she was just five years old. Zara was a talented child, and she learned quickly.

Zara is seventeen now. Like her parents, she's a big classical music fan, but these days her real passion is electronic music. Her favourite instrument is the keyboard. She sings, too, and she writes her own songs.

At weekends, Zara usually gets together with a few other musicians and friends. They make music videos and upload them to the Internet. Their videos are very popular – the last one had ten thousand views on its first day.

Zara is still at school, but she already knows what she wants to do with her future. "I'm not interested in talent shows. When I leave school, I'm going to travel around the world and explore different types of music. I want to learn to play some more instruments. My ambition is to become a successful musician. It won't be easy, but I'm going to try!"

1 Who was Zara's first piano teacher?
