Adjectives

This amazing animal is an aye-aye. It's from Madagascar. It lives in the rain forest.

Aye-eyes are black or brown. They are very small. Their tails are long. Their eyes are big and so are their ears. They have really long, strong
5 fingers. They catch food with their fingers. When they move, they're not fast—they're very slow.

Some people think aye-eyes are scary because they look strange. But aye-eyes are friendly animals!
