

**Type in the correct answer.**

Compact disc

Digital versatile disc

write

store

one

seven

A \_\_\_\_\_

(usually called a CD) can

\_\_\_\_\_ information such as

documents, pictures, music and

videos. A computer can also

\_\_\_\_\_ information onto a

CD.

A \_\_\_\_\_

(usually called a DVD) also stores

information. \_\_\_\_\_ DVD can

store the same amount of

information as around \_\_\_\_\_

CDs.
