

Activity 10

Test your calculator program. Does it meet the basic requirements?

If your program does not meet requirements, go back, and try to fix it. Then, write your results.

Test case	Result	
Does program output "Calculator" at the start of the program?	No <input type="checkbox"/>	Yes <input type="checkbox"/>
Does program set Answer to 0 at the start of the program?	No <input type="checkbox"/>	Yes <input type="checkbox"/>
Does input (D3) add 1 to Answer?	No <input type="checkbox"/>	Yes <input type="checkbox"/>
Does input (D10) subtract 1 from Answer?	No <input type="checkbox"/>	Yes <input type="checkbox"/>
Does input (D6) output Answer and play the buzzer?	No <input type="checkbox"/>	Yes <input type="checkbox"/>

Work in pairs. Read the project brief. Then, talk about the project.

Explain what you need to do to for the project. Write your answer below.
