

Fill in the gaps with the correct words

life	memories	countries	smarter	understand
culture		cuisine	material	sightseeing
				meeting

I absolutely adore travelling. I love visiting foreign ,
going , tasting the local and new
people. I am of the opinion that travelling makes you , more
tolerant and more optimistic. You stop caring about things
like clothes, shoes and electronic gadgets. You realise that
experience and adventures are the real treasures that
make a person rich. When you travel, you other people,
their habits, their way of and their . You become a
citizen of the world.
