

الجمع بإعادة تجميع الآحاد كعشرات (التحدي)

استخدم النموذج و عد العشرات للجمع :

آحاد	عشرات
6	2
5	

Diagram illustrating the addition of 26 and 5 using base ten blocks. The tens column (عشرات) contains 2 tens rods. The ones column (آحاد) contains 6 ones units. A red arrow indicates the process of exchanging 5 ones units from the ones column for 1 ten rod in the tens column, resulting in 3 tens rods and 1 one unit in the ones column.

آحاد	عشرات
4	3
4	

Diagram illustrating the addition of 34 and 4 using base ten blocks. The tens column (عشرات) contains 3 tens rods. The ones column (آحاد) contains 4 ones units. A red arrow indicates the process of exchanging 4 ones units from the ones column for 1 ten rod in the tens column, resulting in 4 tens rods and 0 ones units in the ones column.
