Context clues can be found in the words and sentences surrounding the word that you aren't familiar with. To use context clues, you can focus on the key phrases or ideas in a sentence and deduce the main idea of a sentence or paragraph based on this information. You can also look for nearby words that are synonyms or antonyms of the word you don't know.

Understanding why what you're reading is important can give you a better comprehension of what the author is trying to convey. ## One Love Manchester

22<sup>nd</sup> May, 2017 was going to be a great day for the 14,000 people attending Ariana Grande's concert in Manchester, UK. But minutes after the show ended, someone detonated a bomb killing 22 of the concert attendants and injuring hundreds more.

Ariana was devastated by the news. She cancelled her shows for the next two weeks and she organised a charity concert on 4<sup>th</sup> June: One Love Manchester. The concert would gather money for the “We Love Manchester Emergency Fund”, which was set up by the city council and the Red Cross to help the victims of the bombing and their families.

One Love Manchester was a huge success. 55,000 people went to the concert and security measures were increased. Guest stars included Justin Bieber, Miley Cyrus, Katy Perry, and Pharrell Williams, among many others. The We Love Manchester Emergency Fund received the equivalent of over 10,500 million pesos. If the concert hadn't happened, they wouldn't have received nearly as much money for the victims and their families.

Some people criticised Ariana Grande for doing the concert. They said the singer was taking advantage of the publicity surrounding the news. After One Love Manchester, she continued her tour, playing concerts all around the world. Many of her shows sold out.

Nevertheless, the people of Manchester were very grateful. The charity concert helped raise spirits in a city that was still suffering the trauma of the bombing. Ariana was named an honorary citizen of Manchester, because of her solidarity and kindness after the incident.

Controversies like this are common when celebrities do something for charity. On the one hand, they are often accused of using a tragic situation to their benefit. Solidarity makes them look good. On the other hand, their fame makes people more interested in helping. If someone famous wasn't involved, people would be less likely to support a charity event.
