1. Read Gracia family's blog again and answer the questions.

Our family

There are four people in our family. We are Maria, Carlos, Gabriela and Mateo. We're from Mexico, but we live in the USA. We love doing sport, but we also like being at home together.

Our new home

This is our new home. We live in a flat, on the top floor of a tall building. There are stairs, but we usually go up and down in the lift. There's a garage in the basement and a garden on the roof. Because we live on the top floor, it's very quiet.

Our favourite day

We always eat breakfast on Saturday mornings. We usually have orange juice, toast and cereal. Then Dad sweeps the floor, I wash up and the children tidy up their bedrooms. We hardly ever have lunch at home on Saturdays. We eat in a restaurant or at the park. On Saturday afternoons, Mateo plays football and Gabriela plays tennis. Then, in the evening, we usually watch a film.
We're a happy family!

LIVEWORKSHEETS
