2nd. Grade of Secondary School - Writing Test

How important is technology to you?

Centro Educativo Emanuel

Proclamando el principio de la Solidaridad

1.- Match activities to the applications.

Make phone calls

Shop online

Check e-mail

Share photos

Watch movies

Send messages

Listen to music

Make a video

Play games

2.- Read and choose the correct option.

Hi Billy!

I finally bought a smartphone! Look, I'm using it now to send you this e-mail. That was easy to do, but some things are more **complicated** / **exciting** / **interesting** than others. ☹ Can you help me?

I want to **print photos** / **make a video** / **send messages** of your birthday party next Saturday, but when I open the camera, I can't find the options for different sizes and quality. I also want to **take** / **share** / **edit** photos of course, but what **app** / **instruction** / **way** can I use for that? Is it on the phone or do I have to download it? Everything looks nice on this small **tool** / **screen** / **glass**, but how can I make sure they will look good on someone's computer? See you tonight!

Love, Dad
