Listening Strategy: Words with Similar Meanings

In the listening sections, correct answer choices often repeat what the speakers say. However, they often use different words. This is called paraphrasing. Paraphrasing uses words with similar meanings to express the same idea. Identifying words with similar meanings can help you find correct answer choices more quickly. This strategy is most useful in Parts 3 and 4 of the TOEIC® test.

Paraphrased answer choices might:

- Use different vocabulary with similar meanings
- Have a different word order
- Use different grammar
